

1. Clean the area you want to apply the decal on with 70% Alcohol and completely dry area with a washcloth.
2. Apply the transparent tape on top of the decal and use any plastic card to evenly apply the transparent tape on decal.
3. Slowly peel off the transparent tape allowing the decal to adhere on the tape.
4. Position decal to the desired area and again use any plastic card to evenly apply it on area.
5. Lastly slowly peel off transparent tape and use any plastic card to press out the bubbles.
